再搜尋

在一般的情況下，我們會要求以下的文件：

技術資料

1. 有關產品的技術規格

外國/外地政府的出口許可證

2. 由美國政府所發出的出口許可證或授權書清楚表明有關的產品已獲批准出口往香港

為配合貨品供應地方的出口管制措施，我們通常會要求申請人出示原出口地方當局發出的明確出口授權書，用以支持進出口申請。不過，有關貨品若根據許可證豁免/一般許可證安排從原出口地方付運，因而沒有明確的出口授權書，則上述的文件規定就可因應情況而得到豁免。

其他文件

3. 最終用戶聲明書

以上資料只供參考之用，本署有可能會就個別情況要求不同的支持文件。

Consolidated Screening List

The Consolidated Screening List (CSL) is a list of parties for which the United States Government maintains restrictions on certain exports, reexports or transfers of items. Below, under "Tools" are links to the CSL search engine, downloadable CSV files and the CSL Application Programming Interface (API), all consisting of the consolidation of multiple export screening lists from the Departments of Commerce, State and the Treasury.

These tools may be used as an aid to industry in conducting electronic screens of potential parties to regulated transactions. In the event that a company, entity or person on the list appears to match a party potentially involved in your export transaction, additional due diligence should be conducted before proceeding. There may be a strict export prohibition, requirement for seeking a license application, evaluation of the end-use or user to ensure it does not result in an activity prohibited by any U.S. export regulations, or other restriction. Prior to taking further action, the user must check the official publication of restricted parties in the Federal Register or the official lists of restricted parties maintained on the web sites of the Departments of Commerce, State and the Treasury to ensure full compliance with all of the terms and conditions of the restrictions placed on the parties on this list.

The links below, under "Sources" will connect you to the specific webpage where additional information about how to use each specific list is contained. These links are also embedded into the CSL search engine, and CSL downloadable files in the column "source_information_url" for each listed entity to direct you to the proper website for information about how to resolve the issue.

Updates

All the tools are updated automatically every day at 5:00 AM EST/EDT. The CSL pulls updates of the lists detailed below from each of the sourcing federal agencies. It is the responsibility of the federal agency to make available updated file(s) in order for the CSL to be up-to-date.
